Text by Stefanie Waldek

All Matherings of Mind Equal One Violet, 2011, David Benjamin Sherry.

On March 6 Christie's New York will offer David Benjamin Sherry's *All Matherings of Mind Equal One Violet* as part of its "First Open/NYC" sale. Like Ansel Adams and Edward Weston, Sherry uses large-format photography to shoot highly detailed images of dramatic American landscapes. Sherry is inspired by painters and installation artists such as Anne Truitt and Robert Irwin. Many of his photographs are infused with bright, jarring colors transforming nature into an otherworldly scene.

All Matherings of Mind Equal One Violet by David Benjamin Sherry, 91" w. x 71" h.; Christie's, New York, March 6; estimate \$8,000 to \$12,000. christies.com
