ARCHITECTURAL DIGEST

Art Shows Opening Soon in New York

By Alexa Lawrence

For his first solo exhibition in the U.S., Australian Aboriginal artist Warlimpirnga Tjapaltjarri presents a selection of his acrylic-on-canvas paintings. Covered edge to edge in tightly abutting concentric lines, the works resemble enormous fingerprints, intricate topographies, or radiating rings of age-old trees. Untitled, 2015, Warlimpirnga Tjapaltjarri.
